**IMI's Ink Jet Printing 2017 Conference**

Carrabassett Valley, Maine – In just 7 weeks, leading ink jet industry delegates will be learning the latest developments and assessing their future at **IMI's Ink Jet Printing 2017 Conference** at The Florida Hotel & Conference Center in Orlando, Florida.

**[Ink Jet Printing 2017 Conference](#)**

**February 1-3, 2017**

**[Ink Jet Academy](#)**

**January 30-31, 2017**

**Additional Courses TBA Very Soon!**

Program details, downloadable brochure and on-line registration are available on IMI's web site [www.imiconf.com](http://www.imiconf.com).

IMI President Al Keene says, "As the only annual U.S. event (now in its 26<sup>th</sup> year) devoted to an assessment of the ink jet industry's status and opportunities, IMI's **Ink Jet Printing 2017 Conference's** popularity continues to grow each year. With speakers from **Alchemie Technology, EFI, Engineered Printing Solutions, FUFJIFILM Dimatix, Global Inkjet Systems, ICD Research, InPrint, IT Strategies, Kao Collins, Kyocera Ceramics, Madison Advisors, Outlook Group, PCT Engineered Systems, Pivotal Resources, RJA Dispersions, Sun Innovations, Work Associates and a few more to be announced soon**; this year's conference promises to provide critical insights into the rapid growth pattern of the ink jet industry."

Confirmed presentations include:

**Inkjet Anchors its Dual Track Future**

[Mark Hanley, President, IT Strategies, Inc.](#)

**Taking Inkjet Efficiency to the Next Level**

[Jeff Weldon, Senior Analyst, Madison Advisors](#)

**Changing Landscape of User Requirements & How to Integrate Digital into Traditional Technologies**

[Outlook Group, Neenah, Wisconsin](#)

**Inkjet in Industrial 3D Printing/Additive Manufacturing**

Tim Greene, Research Director, IDC Research

**Insight into New Technological Developments from Recent Patents**

Mike Willis, Managing Director, Pivotal Resources

**Kyocera Inkjet Printhead for Industrial Printing**

Kazumi Honda, Deputy Manager, PD2 Sales Department, Corporate Printing Device Group, Kyocera Corporation

**Digital Technologies for Application of Materials Science**

Dr. Alan L. Hudd, Director and Founder, Alchemie Technogy

**New Designs in UV/LED Ink Jet Inks: Hybrid UV & Gel UV – Potential & Challenges**

Dr. Ray A. Work, III, President, Work Associates

**Nano-pigment Dispersions for Industrial Ink Jet Systems**

Dr. Joseph E. Ward, Vice President Marketing, RJA Dispersions

**Novel System Design for UV Curing of Widths from 3 to 90 inches**

Marko Hofmann, Head of Product Management Optoelectronics, Heraeus Noblelight GmbH

Dr. Vitaly Talyansky, Managing Partner, Stardust Materials

**Digital Printing of Corrugated**

Sean Moloney, Global Product Manager, Sun Automation Group

Keene adds, “Also, the world’s most popular ink jet course - **Ink Jet Academy** - is being held on **January 30-31, 2017**. Having been attended by over 3000 participants in North America, China, Europe, Japan and India since its inception, the **Ink Jet Academy** provides a program and format to get an expert start in the ink jet field, to get an update or provide insights into new and expanding ink jet opportunities. IMI will also be announcing additional courses very soon to be run in parallel with the **Ink Jet Academy**.”

**Ink Jet Printing 2017 Conference** registrants can also participate in IMI’s unique **Suppliers’ Forum** sessions and give a 5-minute presentation covering their technology, products, services, requirements, etc. as well as having a **complimentary display** in the conference display area. Contact Al Keene at IMI [al@imiconf.com](mailto:al@imiconf.com) for additional information regarding these opportunities.

#### **About Information Management Institute, Inc.**

Information Management Institute, Inc. (IMI) sponsors conferences world-wide to assist in understanding technology developments, markets and applications requirements. IMI conferences offer attendees a unique opportunity for leading hardware, technology development, consumables, software and user companies to network and develop a more comprehensive understanding of current as well as future developments impacting successful product implementations, market entry/expansion and technology utilization. Since 1990, IMI has held over 500 programs attended by well over 25,000 technical, marketing and management personnel from companies around the world.

IMI conference programs are designed to enable attendees to obtain the latest technical, market and application information while allowing time to network with other attendees in a time and cost efficient manner. Attendance at an IMI conference enables attendees to meet with an industry’s leading experts in a single location over a short period of time thus maximizing information transfer efficiency and minimizing travel and time expenses.
